

Avanti Screw Incorporated

Serving America's Fastener Distributors

We Make Screws

It's that Simple

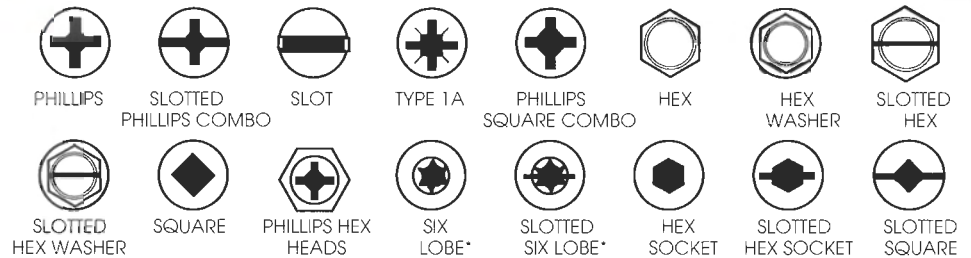

We'd like to introduce you to Avanti Screw. Avanti has been making screws, and cold headed products for more than 35 years. With increased personnel, improved production procedures, outstanding customer service, quicker lead times, and excellent quality Avanti Screw can meet your fastener needs now more than ever. Below are some examples of our manufacturing capabilities. In many instances we can give you a 7-10 day production delivery, call for details.

INTRODUCING TRI-DRIVE®

In 1985 Avanti Screw became the first in America and the world to offer the "Combo" (slotted and phillips in one head) to the distribution field. In 1994, Avanti Screw again led America and the world with its first full line of tapping and machine screws featuring the new Tri-Drive® that combines a slotted, phillips and square drive in one head.
